

Sette Offset Programming

1. Unplug the grinder
2. Plug in the grinder
3. While the display is boot cycling, press and hold both ▲ and ▼
4. The screen will flash 'ofs' then show a number
5. For espresso grinding we recommend an offset of 1.0, and for brewing an offset of 2.0
6. To change the offset press ▲ to increase it or ▼ to decrease
7. Press play to lock in the change
